IT

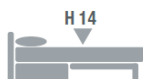

Divano-letto con rete elettro-saldata, formato da una parte metallica, assemblata con parti esterni in agglomerato di legno, tramite innesti a baionette; imbottitura in poliuretano espanso a unica densità, prodotto e assemblato secondo le vigenti normative CEE. Rivestimento in tessuto, eco-pelle completamente sfoderabile di serie; materasso in poliuretano espanso in densità 25 (materasso superiore da 190 x 80 h 14 materasso inferiore 185 x 73 h 14) schienale in fibra di fiocco di serie. Meccanica elettrosaldata, il letto superiore può essere portato in avanti di circa 30 cm per poter risistemare il letto; la rete inferiore è dotata di un sistema di sollevamento mediante un'apposita maniglia, corredata di sistema di sicurezza che ne impedisce la chiusura accidentale. Meccanismo prodotto dall'azienda ALTAFLEX (ART DUPLEX da 75 ART SPACE da 80). Per la versione contenitore i cassettoni sono prodotti dall'azienda "Artigianato Italiano".

EN

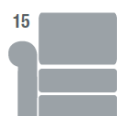

Sofa bed with electro-welded mesh, formed by a metal part, assembled with external parts in agglomerated wood, by means of bayonet joints; single density polyurethane foam padding, produced and assembled according to current UE regulations. Fully removable fabric, eco-leather cover as standard; mattress in polyurethane foam in density 25 (upper mattress 190 x 80 h 14 lower mattress 185 x 73 h 14) back in standard staple fiber. Electro-welded mechanics, the upper bed can be brought forward about 30 cm in order to rearrange the bed; the lower mesh is equipped with a lifting system using a special handle, equipped with a safety system that prevents accidental closure. Mechanism produced by the company ALTAFLEX (ART DUPLEX from 75 ART SPACE from 80). For the container version, drawers are produced by the "Artigianato Italiano" company.
